[Despatch Abstract]

Compounders - Training - D.Gulam Haider of Mangalore
Exemption from educational qualification -Granted.

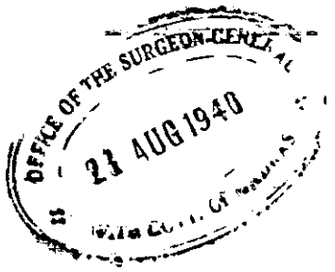
To

The Secretary to the Government
of Madras,
Public (Health) Department,
Madras.



Humble Memorial of D.Gulam Haider,
son of D. Sajjad Ahamed, Kudroli,
Mangalore.
Dated 29th July 1940.

Respectfully Showeth:-

The Memorialist named above begs to submit that he having been given to understand that no candidate was available for service on the Ameni divi Islands as Compounder when the present incumbent is due to retire early next year, the Memorialist applied to the Surgeon General with the Government of Madras in May last requesting that the Memorialist may be ordered to undergo training as a Compounder for service as Compounder on the Amindivis (Islands). In reply to his petition the Memorialist was informed that he was not eligible for admission to the Compounder's training. This was evidently because the Memorialist who has studied only up to the V Form has not the requisite educational qualification i.e., a study in the VI Form to undergo compounder's training.

2. On the receipt of the above order No.8516 H d/-25-5-40, the Memorialist again submitted a petition in June last inviting the kind attention of the Surgeon General to G.O.No.1064

Public (services) Dept. D/- 14-10-31 which exempts subordinates for service on the Islands from the rule with regard to Educational qualifications and in reply to this petition the Surgeon General has in his In R.No.8516 H d/-25-7-40 directed the Memorialist to address the Government in the matter.

3. The Memorialist respectfully begs to submit that in view of the Government order referred to in Para 2 Supra, which clearly shows that subordinates serving on the Islands are exempt from the minimum Educational qualifications required for service on the mainland the Surgeon General may have been pleased to order the Memorialist's training as a Compounder but unfortunately for ~~f~~ the Memorialist he has been directed to memorialise to the benign Government.

4. In conclusion the Memorialist humbly requests that the Government may be pleased to direct the training of the Memorialist as a --- Compounder for service on the Amindivi Islands or at least to request the Surgeon General to order the Memorialist's training. It may not be out of the place for the Memorialist to respectfully point out that a Muhammadan trained hand will be required for the Compounder's post when the present compounder retires in about March next.

5. The orders received from the Surgeon General and a copy of Memorialist's 2nd petition are enclosed for favour of kind perusal.

*Copy of letter.

There is no proposal to retire the present compounder at Aminidevi now or in the near future.

As for para 3 of your memorandum, I may state, that only a Mohamedan candidate will be willing to go to the Islands but at present there are no such candidates in this District who can be transferred.

It therefore remains to be seen, whether any other Mohamedan candidate already in service elsewhere will be available and willing to be transferred to the Islands. If not, direct recruitment will have to be resorted to when the necessity arises.

The original memorial is herewith returned.
